MYSTERY OF MURDER IS STILL UNSOLVED

Brown Dies After Exonerating Woman's Husband.

PUBLIC MIND IS DIVIDED.

As to Who Killed Lillian Davenport and A. R. Brown in a Park at Brunswick—Husband Was Arrested, But Proved an Alibi.

Brunswick, Ga., March 4.—The shooting of the actress, Lillian Davenport, and her companion, A. R. Brown, in a secluded spot in a park at Brunswick, is still as great a mystery as ever.

A. R. Brown, the bartender, and companion of the actress, died at the city hospital Friday. Before his death he made a statement in which he exonerated the husband of the actress, and says Teddy committed the crime. The dying statement of Brown was as follows:

"About 8 o'clock I went by the restaurant. I had an engagement with the girl, Lillian, and met her by the postoffice. We were sitting out by the ditch and saw some one pass by with a slouch hat on.

"She said: 'There goes some one.' Ten or fifteen minutes later I heard a shot right over me. He shot me in the back. I said: 'Give me the pistol and I will shoot him,' but I had no pistol. He then stepped back and snapped again. She started towards him, with a small hammer, and struck and killed her.

"I believe it was Teddy. I don't believe Davenport had anything to do with it.

"Teddy was crazy over her. She begged him to let her alone. Last Friday night I was out with the girl and Teddy followed me. I don't know what she said after she was shot. I had nothing to defend myself with, not even a pocket knife.

"When I left the restaurant I was with a friend, Sam Crenshaw. We went towards the postoffice, and he told somebody, two of them, were following me, and told me to watch out, and I believe one of these men shot me."

The party referred to as Teddy is a Greek, whose other name is Mercatos. He was the former proprietor of the Metropolitan restaurant.

Teddy Mercatos was arrested in Savannah and proved he spent Wednesday night in that city, hence he was later released.

The public mind is very much divided as to who committed the double murder. As for Davenport, the husband, there is no longer any doubt as to his innocence of the crime, as a complete alibi was proven before the coroner's inquest, and he was given his freedom.

Who the real murderer is is only a matter of conjecture. It was said that Teddy Mercatos, who it was claimed left the city Monday last for Savannah, was the man wanted, hence his arrest.

It was stated at the Metropolitan restaurant, where Mrs. Davenport worked, for several weeks as a waitress, that she met Mercatos. She sought employment there, it is said, because she had no other means of making a living. She and Davenport had separated.

The body of Mrs. Davenport was interred Friday. The Rev. Frederick D. Thomas, of the Presbyterian church, officiated at the ceremonies. A large concourse of friends attended the funeral, noticeable among whom were all members of the Park-Amusement company, now wintering here and with whom she had been connected for a long time. They purchased the finest casket that could be gotten, and her body was most beautifully attired by the Daughters of the Maccabees, who, with a most commendable spirit, had interested themselves in the winsome, but unfortunate little woman. And still justice has so far been cheated, for the reason that no positive clew which will fasten the crime upon a single

village of Allaire, in Monmouth county, N. J., was bought Friday by Arthur Brisbane, editor of the New York Journal, at private sale, and is to be converted into a model farm. The pace takes in some 600 acres and it is said that Mr. Brisbane paid $125,000 for the tract. For years he has been deeply interested in experimental and scientific agriculture and he intends to make several model farms in the eastern states.

Franco-Spanish Agreement.

Madrid, March 4.—In accordance with the Franco-Spanish agreement signed Thursday, the organization of the police at each port, two detachments under one officer will protect the town and harbor while the third under another officer will guard the suburbs. In the mixed ports such as Tangiers and Casa Blanca, the commanders of the two sections must be of different nationality. In the event the officer with united action the officer with the highest rank will command all three detachments. A water police for the prevention of the passage of contraband will also be organized. Should the Franco-Spanish intervention become necessary at any port, it is to be conducted on lines similar to those followed during the recent naval demonstration at Tangier.

They Shifted to Insanity.

Culpepper, Va., March 4.—The defense in the Strother trial Friday shifted from the "unwritten law" to "emotional insanity," and almost the entire proper forth of a hypothetical question, which was asked Dr. Chas. N. Clark, of St. Elizabeth's government asylum for the insane in Washington, who was called as an insanity expert.

The prosecution showed no surprise Friday when the defense set about to establish a plea of emotional insanity.

The examination of Dr. Clark will be proceeded with.

Disappointing to Liberals.

Madrid, March 4.—The royal decree abrogating the decree of last August permitting Catholics to contract civil marriages is very disappointing to the liberals, who regard it as the beginning of an era of reactionary legislation and a check to an anti-clericism movement planned by the liberal cabinet. However, they expect that the step will greatly strengthen the liberal campaign in the coming elections. The election fight is already exciting and this decree, it is said, will turn it largely into a church question.

Darnell Is Acquitted.

Gadsden, Ala., March 4.—Will Darnell, who shot and killed Will Henley last December at a house of questionable character on the outskirts of this city, was declared not guilty by Judge J. W. Penn in the county court, and was released from custody. The trial has lasted for three days, and was a hard-fought legal battle. The evidence went to show that Darnell acted in self-defense, having first been attacked by Henley with a bottle and later with a pistol.

$20,000 in Jewels Stolen.

Nice, March 4.—A bag in which other things was packed, precious stones to the value of $20,000 belonging to a Paris jeweler, is reported to have been stolen from the baggage car of one of the express trains between Cannes and Mentone. There is no clew to the thieves.

Manned with Picked Crew.

Paris, March 4.—The armored cruisers Victor Hugo and Kleber which will attend the Jamestown exposition under command of Admiral Thery, have been manned with a picked crew and are being cleaned preparatory to starting for America early in April.

Custom Receipts at Havana.

Havana, March 4.—The customs receipts at Havana in February amounted to $1,415,208, companered with $1,651 860, in the corresponding month last year, a decrease of $236,652.

Lionel Docle Dead.

London, March 4.—Lionel Docle, the noted English traveler, newspaper correspondent and auther, died Friday.

S. A. L. PASSENGER TRAIN IS WRECKED

Dashes Into Freight Train Near Powder Springs, Ga.

ENGINEER HUDGINS IS KILLED

Freight Train Breaks in Two and the Limited Crashes Into the Cars at the High Speed of Fifty Miles an Hour.

Powder Springs, Ga., March 4.—Dashington at the rate of 50 miles on hour, the eastbound exposition limited on the Atlanta and Birmingham division of the Seaboard Air Line crashed head on into a string of ten wild freight cars on a curve a mile and a quarter from this place at 7:04 o'clock Friday night, burning to death Engineer Charles Hudgins, of Atlanta, Ga., and seriously or painfully injuring seven others.

The engine of the exposition limited, recoiling from the shock of the collision, turned turtle and rolled down the high embankment, pinning Engineer Hudgins beneath it while the escaping steam burned his body almost beyond recognition.

Five freight cars were destroyed and as many passenger coaches caught fire from the wreckage and were consumed.

The flagman of the freight train claimed that he did all in his power to stop the fast-flying limited before it dashed into the cars. From the statements of the passengers it is believed that Engineer Hudgins saw the signal but too late to check the train, even though the shocks of the air-brakes told of his futile efforts.

The dead:

Engineer Charles Hudgins, of Atlanta, Ga.

The injured are Will Bolton, negro fireman, Atlanta, seriously; a compound fracture of the left leg and bad scalp wounds, now at Grady hospital.

A. A. Clisby, baggagemaster, of Birmingham; cut about the head; at the Grady hospital.

J. B. McCord, mail clerk, Atlanta, Ga., bruised about head and internally injured; carried to his home.

Baggage Agent Jones.

Wiley Brooks, negro porter, of Atlanta, Ga.

Unknown passenger.

The injured who live in Atlanta were carried to that city at 4 o'clock Saturday morning on a special train that was sent out by the Seaboard Air Line in charge of Dr. E. H. Richardson, surgeon of the road.

The wet rails are thought to have been responsible for the string of runaway freight cars which dashed down the grade with one flagman, using every muscle to set the brakes on the cars that ground down the incline.

The train to which these cars belonged was to have taken the sidetrack at Powder Springs to let the limited pass. When a mile from the station the freight broke in two and the wild cars began their flying descent, back toward the exposition limited passenger, which had orders to pass the freight at the station.

Ten of the cars broke loose, five of which were loaded with cotton that made fuel for the flames which broke out afterward.

Accompanying the flying cars was the one flagman, who as soon as he knew of the danger made his way from the last car over the slippery running boards and began his efforts to check the train.

One mile from where the cars broke loose the brakes worked. Almost before the cars stopped with their grinding shock the flagman leaped to the ground and dashed ahead, slipping and falling in the mud, to stop the oncoming limited.

As he reached the sharp curve he saw the limited dash into sight—only two or three lengths ahead. He frantically waved his lantern at the train, which was almost on him.

The passengers felt the airbrakes working with a jar. Then the crash.

Engineer Hudgins died at his post.

The first coach caught on fire, then mail car and baggage coach began to burn.

At the bottom of the steep embankment the engine which pinned Engineer Hudgins beneath it was blazing and roaring like a furnace with the hissing steam. The burning cars and engine lighted up Powder Springs a mile and a quarter away, the citizens of the little village believing that the town was on fire.

Then the work of rescue was begun. All of the injured were taken out by the time the wreck special arrived from Atlanta.

It was 2 o'clock, however, before the rescuers could begin to search for the body of Engineer Hudgins.

The engine was a scrap of hot, molten iron, and the men could not reach it until the rain had cooled it off.

The five freight cars were a mass of ruins, while the rails were twisted and bent, making it almost impossible to clear the track.

Peculiar Murder Charge.

Hawkinsville, Ga., March 4.—Superior court is in session, having consumed two weeks, and will probably be continued through next week. Two cases are being heard against Gordon McDonlad, charged with killing Coley Cheney and Herschel Burns on December 23. Many witnesses are present, and it is expected that the trial will last several days. The case of Seab Hunt, who will be tried on the charge of assault with intent to murder Bart Hendley, will be tried next in order. Roswell Daniel, as principal in this case, was acquitted at the last session of court.

Flood Rages at Huntsville.

Huntsville, Ala., March 4.—High water from Pinehook creek flooded a large area of Huntsville on Friday afternoon and cut off traffic on the electric line to Merric. Water was so high in the Southern railway yards that trains could not pass. One of the hardest rains in recent years fell in this section Friday. Many of the streams are out of banks. The Southern railway is washed out west of here.

Powder Mill Has Explosion.

Knoxville, Tenn., March 4.—The mixing mill at the Rand Powder company's plant at Dossett, Tenn., about 25 miles west of this city, was blown up Friday afternoon at 1:45 o'clock. Four men were killed, and three injured. Two others are missing. The dead are William Hall, William Owens, Thomas Kennedy, James Mesterson. The explosion shook buildings in Clinton, seven miles away.

Identified Missing Revolver.

Macon, Ga., March 4.—Tom Ingram, a negro, was arrested and lodged in the city barracks by Patrolman Hackney, who identified a revolver which had been stolen from a railway employee more than a year ago. The revolver was in the negro's possession, and he was bound over to the higher court by Recorder Cabaniss.

Farmr Damaged by Fire.

Milledgeville, Ga., March 4.—H. W. Little, one of Baldwin's most intelligent farmers, lost his barn, horse, fodder, corn and several wagons by fire. A negro woman has been lodged in jail, as it was claimed tracks leading from the barn led to her boarding house. A few years ago Mr. Little suffered from a similar loss.

Took Two Towns of Hondurans.

Managua, Nicaragua, March 4.—Forces of Nicaraguan government have captured, without resistance, the Honduran towns of Concepcion and Maria. They also took Corpus Christi, after having a hard fight. No details of the engagement have been received here.

Eight Years to Build Canal.

New York, March 4.—Frank Maltby, assistant to the chief engineer of the Panama canal in an interview is quoted as saying that with an increased force at the isthmus at the rate things are going, believes the canal wil be built in eight years.

Emitting Dense Smoke.

Naples, March 4.—The crater of Zolfalara, at Pozzuli, which was supposed to be extinct, has opened up a new mouth and is emitting dense clouds of smoke. There have been slight earthquakes in Calabria.

TORNADO DAMAGES MANY BUILDINGS

Southern Mississippi and Louisiana Experience

WORST STORM OF THE WINTER

One Death Caused by Storm in Mississippi and Thousands of Dollars of Damage Has Been Done to Property.

New Orleans, March 4.—Southern Mississippi and Louisiana have for two days experienced the worst storm of the winter, the disturbance manifesting itself in torrential rains, fatal electrical display and cyclonic winds.

At least one death was caused by the storm in Mississippi, and thousands of dollars damage has been done.

Philadelphia, Miss., reports a tornado, which damaged small buildings.

At Meridian, Miss., more than five inches of rain fell, making Souwashe cree ka river half a mile wide.

At McNeil, Miss., many bridges have been washed away, and in the vicinity of Laurel planting has been temporarily abandoned.

Of the railroads, the Mobile, Jackson and Kansas City appears to have suffered most, having washed out sections of its lines.

Louisiana creek and bayous are overflowed, while the Missippi river levees, already soft from the exceptionally high river, have received a dangerous soaking.

The storm abated early Saturday morning.

Champion Sculler of the World.

Sydney, N. S. W., March 4—Geo. W. Towns, the Australian sculler, defeated Edward Durnan, of Canada, by three lengths for the sculling championship of the world. The race took place on the Nepan river and was for $2,500 a side. Towns who was a favorite, won the toss for position. At the quarter mile post Durnan led by half a length but Mr. Town's quickly overhauled him and was half a length in front at the half mile. When the two mile post was reached, Towns was three lengths ahead and he maintained his lead until the end of the race.

Will Pay Bonus Money.

San Francisco, March 4.—By a statement made public by Assistant President Mullaly, it appears that the awards decided upon by the board of arbitration, whose labors were concluded on Friday, will result in the payment of $417,000 bonus money by the United Railroads to its unionised employes, who went on strike last fall, and that the general raise of wages to employees recommnded by th board means the companies have additional disbursements of $1,044,000.

"Salome" Will Not Be Presented.

New York, March 4.—It was decided Friday that the Conreid Metropolitan Opera company would, after all, give no performances of "Salome" onthe tour. The opera was announced in Chicago, Pittsburg and Boston. First it was deemed inadvisable to give the work in the western cities, and Friday Boston was also dropped, as it had become evident that there would be too much opposition.

W. D. Howells Celebrates Birthday.

New York, March 4.—William Dean Howells, the author, celebrated his seventieth birthday Friday in his apartment in the hotel Regent. Owing to a slight attack of the grip, the writer was unable to receive guests or respond to any of the many invitations to dinners. Letters and telegrams from all over the country were sent to him. Many of them were from distinguished persons.

Delegate of Peru.

Lima, Peru, March 4.—Peruvian government has appointed its charge d'affaires in London, R. Lembecke and R. Rolla, honorary chancellor of the Peruvian consulate at New Orleans, to be delegates of Peru at the conference of the Red Cross to be held during th summer in Geneva.

A SAD DEATH.

Robert Richardson Killed in High Springs by Jumping From Buggy.

One of the saddest deaths occurring in Alachua county for years was that of Robert H. Richardson, which occurred in High Springs about 9:30 last Sunday night. Mr. Richardson and W. M. Davidson were returning from Alachua, where they had attended church, and shortly after reaching the rock road leading through town the horse became frightened and unmanageable. When the animal was going at lightning speed Mr. Richardson rose and remarked, "Davidson, I am going to leave you." The latter said, "For God's sake don't jump," but almost before the words were uttered Robert had leaped from the buggy, striking the back of his head on the rock pavement and breaking his neck. The horse ran considerable distance before Mr. Davidson could master him, but as soon as he could do so he drove back to where Mr. Richardson had fallen and there found his lifeless body. People residing in the vicinity were notified and tender hands conveyed the body to the home of deceased's uncle, Geo. W. Easterlin, where it was prepared for burial. The parents of deceased, Mr. and Mrs. Henry S. Richardson, reside about two and a half miles from High Springs, and it was nearly one o'clock Monday morning before they could be notified of the accident and reach town. It was indeed a sad scene for them to behold, the lifeless body of their eldest child, who only a few hours before had sat at the family table, with every member of the family present for the first time in several months. God only knows their sorrow, and He alone can console them.

The funeral occurred Monday afternoon, the interment being in the old Gainesville cemetery, Rev. Mr. Thompson, pastor of the Presbyterian church at High Springs, conducting the services. It was one of the most largely attended funerals occurring in the northern part of the county for some time, people being present from various sections.

Mr. Richardson was 29 years old and was one of the best natured and most popular young men in the northern part of Alachua county. He leaves a devoted father and mother, two brothers, two sisters and numerous other relatives to mourn his untimely death, all of whom The Sun, with other friends, extends sincere sympathy.

Mesdames G. S. Merchant and H. McCreary, aunts of the deceased, and Mr. Merchant of this city attended the funeral.

All orders will be filled by the consignor whose sample elicits the order.

Letters sent to the Exchange should be addressed to Woman's Exchange. Gainesville, with stamp enclosed for reply.

MRS. CHASTAINE DEAD.

After Long and Patient Suffering, She Passed Away Monday Morning.

Mrs. Mary Jane Chastaine, aged seventy-three years and a native of Georgia, died at the home of her daughter, Mrs. J. H Jarvis, at 8:20 o'clock Monday morning of partial paralysis, after an illness of several weeks.

While death was not unexpected, the patient having been in a critical condition for sometime, it was nevertheless a great blow to the family and friends.

Deceased came to this city from Georgia a little more than two years ago, and has since resided here with her daughter. She was a devout member of the Presbyterian Church, and during the days of her activity was an earnest worker for Christ. She is survived by three daughters, Mesdames J H. Jarvis of this city, and Jeffries and Wiggins, of Waycross, Ga., Mrs. Jeffries being with her sister, Mrs. Jarvis, at the time of the death.

The funeral was held from the residence at 2:30 o'clock Monday afternoon, Rev. Thos. P. Hay of the First Presbyterian Church officiating. A number of friends were present to pay their last sad respects. The remains were shipped to Thomasville, Ga., where the interment will be held.

The sympathy of The Sun and the community is with the relatives.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

University Notes.

The Board of Control met at University Saturday, March 2nd, and transacted the routine business. Messrs Bryan, Baisden, Brown and Yonge were in attendance. They inspected the buildings and grounds and expressed themselves as highly satisfied with the progress that is being made.

The discontinuance of the State National School at DeFuniak Springs has thrown the work of preparing teachers upon the University at Gainesville and the Female College at Tallahassee. Ample provision is made at both of these places for normal instruction. The University will conduct a special term for male teachers, beginning March 18th and continuing ten weeks. Many young men now engaged in teaching have signified their intention of joining the classes to be formed at that time. No tuition will be charged and all expenses will be moderate.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHAUTAUQUA OPENED WITH FINE PROGRAM

Tabernacle Well Filled and Large Audience Delighted.

COL. GEO. BAIN'S LECTURE

He Spoke on An Interesting Subject, Commanding the Attention and Admiration of His Hearers—Morning and Afternoon Sessions.

While the fourth annual session of the Florida Winter Chautauqua did not really begin until Monday morning, there were vesper services at the Tabernacle Sunday afternoon, which were conducted by Dr. Clarence B. Strouse, founder of the National Bible Conference and Chautauqua.

Dr. Strouse is an eloquent speaker of pleasing and attractive manner, and inasmuch as he has yielded during the Bible Conference to visiting ministers from every section of the United States, the people of Gainesville had little opportunity to hear him during the session of that organization The Sunday afternoon service, consequently, was well attended, and the service was one of the most interesting held here this year.

In the evening there was a union service at the Tabernacle, at which Rev. Thos. P. Hay of the First Presbyterian church delivered a most impressive sermon. Dr. Hay is one of Florida's best Presbyterian preachers, and upon this occasion seemed especially interesting.

Monday's Session.

On Monday morning at 10 o'clock Prof. J. R. C. Brown of Virginia, who favored the congregations through the Conference with his instructive and interesting Bible lessons, resumed his work, and will be heard each morning during the entire session of the Chautauqua. This work by Prof. Brown is very productive of good, as far as making his hearers more familiar with the Word of God is concerned, and those who have taken advantage of his teachings feel that they have been greatly benefited and blessed. There will be no admission to these morning lectures, and a cordial invitation is extended to all.

In the afternoon it became necessary to change the program to some extent. Dr. Samuel Phelps Leland of Chicago, a great scientist and lecturer, was scheduled for his famous lecture, "The Lake Country and Its Poets," but Dr. Strouse received information that, owing to his feeble condition, being rather advanced in age, it would become necessary for him to decline the honor of the appointment. Dr. Leland was here last year and it is regretted by the Chautauqua management and the patrons that his physical condition prevented his return.

However, the afternoon attractions were refined and greatly enjoyed. They consisted of a number of impersonations, child dialect, stories and recitations by Miss Grimmelle, assisted by Miss Christine Giles of Cleveland, Ohio, a violinist, vocalist and elocutionist of national note on the chautauqua platform. Miss Giles has appeared before many of the most refined audiences in every section of the country, and as a cultured entertainer she has proved herself a great success.

In the evening Miss Giles again appeared, rendering a musical prelude in violin and voice, which was highly appreciated, especially by those who understand music thoroughly.

Miss Giles was followed by Col. Geo. W. Bain of Lexington, Ky., who delivered a fine lecture, the title of which was, "Among the Masses; or Traits of Character." This was the first appearance here of this distinguished speaker, but it was immediately seen that he would be a favorite. Col. Bain lectured at the Mother Chautauqua, New York, Mountain Lake Park Assembly, Ocean Grove, N J, Glyndon Park, Md., Toronto, Canada, and many other leading chautauqua attractions of the country, anywhere from twelve to thirty-six times, which is the best endorsement of his eloquence and ability as a speaker, and the Florida Winter Chautauqua feels honored at his presence. Those who heard him Monday night want to hear him at every lecture which he will give here. His lectures are both religious and patriotic. Like threads of gold and silver mingled into one, the two noblest motives of human activity are constantly discernible.

The program for today is as follows:

At 10 a. m. Prof. Brown will continue his Bible teachings on the Book of Genesis.

In the afternoon, beginning at 3 o'clock, Miss Christine Giles and Miss Grimmelle will entertain the audiance, and in the evening these ladies will render several selections, to be followed by a lecture by Col. Geo. W. Bain on "The Search-Light of the Twentieth Century."

In all, the program for today is one of a great deal of interest, and those who attend are sure to be delighted with the work

The program offered for this session of the Chautauqua includes the best things which genius can devise or money secure. It is considered by far the best, of the widest range, ever given here, and the people will no doubt show their appreciation by their liberal support and co-operation, as the venture will prove helpful in every way

JUSTICE COLMAN'S COURT.

Quintette of Colored Gamblers Were Fined Monday Afternoon.

"Just for a change" Justice Colman had a session of court Monday afternoon, five defendants, Harry Anderson, Thomas Hicks, Henry Lewis, John Wilson and B. Tisley, having been arrested by Sheriff Fennell and Marshal Pinkoson on Spring Hill in the act of gambling, they being engaged in a game known among the colored people as "skin."

The court sentenced the men to pay a fine of $15 and costs each, or spend three months digging phosphate or taking a course in the art of making turpentine.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

SUIT FINALLY SETTLED,

Attorney T. E. Owens of Jacksonville Sells Property at Public Outcry.

Attorney Thos. E. Owens of Jacksonville was in the city on professional business Monday.

Col. Owens sold at public outcry, under a decree issued out of the United States court in a suit where he, as trustee of the estate of J. C. Newberry, bankrupt, was petitioner, and James M. Graham defendant, one forty-acre tract near High Springs containing a peach orchard and pecan grove. The purchaser was R. N. Anderson of High Springs, and the price paid was $306 This is a valuable property, as the peach orchard is now bearing

The above was a suit brought by Col. Owens as trustee of the bankrupt estate above mentioned, to have a mortgage given by Newberry to James M. Graham declared null and void on the ground that the property involved was an asset of the bankrupt estate, and as such should be administered by the trustee of said estate. The suit has been in progress nearly three years, with the result stated.

ACTUALLY CURES CATARRH.

J. W. McCollum & Co's. Faith in Hyomei is so Strong They Sell it Under Guarantee.

It is one thing to claim, another thing to back up the claim by a statement that if it is not proven true, there will be no charge for the service or the goods.

It is in this way that J. W. McCollum & Co. sell Hyomei, for they have so much faith in the powers to cure all forms of catarrh and bronchial troubles, that they give an absolute, unqualified guarantee with every outfit that if the remedy does not cure, the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains the concentrated healing oils and gums of the pine woods, prepared in such form that they can be brought into your own home. It gives the health advantages of the Adirondacks in such form that you can be cured of catarrh and affections of the nose, throat and lungs while at work or at home.

A complete Hyomei outfit costs but $1, and extra bottles, if needed, may be obtained for 50c.

With Hyomei you can cure catarrh pleasantly and easily at small expense, with no risk of the treatment costing a penny unless it cures.

UNIVERSITY DRESS PARADE.

Will be Held in Future on Wednesday Instead of Friday Afternoon.

The Sun has been requested to announce that in future, beginning this week, the afternoon dress parade of the University of Florida will be held on Wednesday, instead of Friday, the middle of the week appearing to be more convenient to all parties concerned.

These dress parades, which have been a custom at the University for some time, have become quite popular, being largely attended by the people of Gainesville, especially the ladies. The students are becoming quite proficient under the direction of competent forces.

DEMURRAGE BILL SIGNED.

Shippers by the Bill Get Cars When Necessary.

Montgomery, Ala., March 4.—The governor has signed the demurrage bill, by operation of which is expected that the shippers of the state will be able to get the railroad cars and other equipment necessary to move the freight. The bill is one of the general railroad measures that were provided for in the platform of the governor, and have had his close personal attention ever since the opening of the present session of the legislature.

This bill provides, among a great many other things, that shippers shall be supplied with cars when demand is made for them and the roads are penalized if they fail to supply the cars in the same way that shippers are forced to pay if the delay is unloading. It is stipulated in the bill that the railroads must furnish up to three cars in five days and ten to twenty-five cars in ten days. No shipper can make demand for over twety-five cars at one time. The fine is $1 per day, and the total is not to exceed $10.

Any shipper who makes other than a bona fide demand for cars, securing them and not needing them, will be subject to a fine of $500. In spite of rather strenuous opposition on the part of Senator Lusk and Senator Moody, the Gunn immigration bill, known also as the Gunter bill, passed the senate, and is now on its way to the governor, who, it is heard, is very much in line with it.

The senate also passed the bill to prohibit the sale in promiscuous way of morphine and cocaine, making it necessary for users to get the drugs only by advice of doctors.

The house passed the bills to revoke the license of any corporations which removes cases from the state courts; also passed a strenuous anti-bucket shop bill, and the senate a bill to tax foreign corporations on all business done in the state.

The senate did a lot of work in the afternoon, seeming to be regretful of the entire morning being killed on one resolution. It passed the saving bill, the measure for the reclamation of corn meal manufacture and sale, and one providing for the taking of the census of school children.

An interesting bill passed in the senate was one to keep after the land tiger men in Hale county. The sheriff is to get the names of all men licensed by the government to sell liquors and in that way keep track of them and locate any who is paying Uncle Sam and buncoing the state.

The military support bill was passed by the senate with an appropriation of $25,000, whereas the house only alowed $15,000. Chairman Hamburger reported the bill and it is thought he has a line that the governor will stand for the increase.

The bill to change the boundary line between Bibb and Shelby, so as to make the line follow the forties instead of a straight line, passed the senate.

Senate Takes up Deficiency Bill.

Washingon, D. C., March 2.—The senate Friday took up the deficiency bill.

ENTIRE FAMILY'S SKIN AFFECTIONS

Mother Suffered Six Years with Eczema—Baby Cured of Heat Rash—Father, Mother, and Child Have Scalp and Hair Troubles.

ALL GIVE THANKS TO CUTICURA REMEDIES

"My wife had eczema for five or six years. It was on her face and would come and go. We had read so much about Cuticura Remedies that we thought we would give them a trial. We did so, and it has now been about four years, and she has never had a sign of eczema since. She also used them both about a year ago for her scalp. She had very thin hair and Cuticura helped her hair greatly. I myself used Cuticura Soap and Cuticura Ointment some time ago for falling hair. I now have a very heavy head of hair and it does not fall out. We used Cuticura Remedies for our baby, who was nearly bald when young. She has very nice hair now. She is very fleshy, and we had so much trouble with heat that we would bathe her with Cuticura Soap and then apply Cuticura Ointment, it would dry the heat up so much quicker than anything else. We give thanks to the Cuticura Remedies. Mr. H. B. Springmire, 323 So. Capitol Street, Iowa City, Ia., July 16, 1905 and Sept. 16, 1906."

Equalization Bill Passed.

Montgomery, Ala., March 2.—After two hours of talk, the house passed the tax equalization bill, out of which the governor and other state officers hope to raise $500,000 revenue. Though those agalust it fought valiantly, the vote was more than two-thirds. The house amended the depository bill to make it effective at once, and elected, jointly with the senate, Sharpe and Nesimth judges of the city court of Birmingham. A resolution was passed to investigate an alleged fertilizer trust in the state, and raising the military apropriation from $15,000 to $25,000.

G.B.Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Four Killed in Wreck.

Waterbury, Conn., March 4—With an impact of sufficient force to crush the ponderous locomotives together like paper and topple them down an embankment, two passenger trains, a regular and a special, met in head-on collision early Saturday on the Naugatuck division of the New York, New Haven and Hartford railroad at Patts Hills, about a mile and a half below this city, resulting in the death of four men, the serious wounding of two more and lesser injuries to over a score of others. The dead were the crews of the two engines.

Friend Fled with Fortune.

San Francisco, March 4—The Rev. Father Peter Gray, one of the pioneer priests of San Francisco, and one of the most widely beloved, died Friday. Father Gray was pastor of St. Patrick's Roman Catholic church in the early days. He amassed a comfortable fortune, but lost every penny of it a few years ago by entrusting its care to a friend who subsequently was indicted by the grand jury and fled the city.

S.S.S. PURIFIES THE BLOOD

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs, impurities and poisons. As long as it remains uncontaminated we are fortified against disease and health is assured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all blood diseases and disorders are cured permanently by S. S. S. It is made entirely of roots, herbs and barks, and is the King of all blood purifiers. Book on the blood and any medical advice desired sent free.

THE BLOCK SYSTEM.

Everybody pretty much will approve of the report of the Interstate Commerce Commission on the block signal system except the railroads interested, and they ought to approve of it if they are far sighted. What the commission says in effect is that the block signal system, without naming any particular brand of apparatus, is one of the greatest savings of life and railroad transported property possible. It costs something to install and something to operate, but it pays for itself in the long run, and, the report continues, if railroads will not adopt it voluntarily, it ought to be forced on them by law.

Up to date the block signal system has been adopted by about fifty of the more important railroads of the country. It is in use on 48,628 miles of the 263,000 miles of road in the country. The railroads are very gradually coming to see that it is an economy in the end. As the report of the commission says, some of the railroads that have had a long record of immunity without the aid of the block system continue in the hope that the immunity will continue. But the day invariably comes when the fatal accident happens, and not only is the record of the railroad clouded, but all its savings are wiped out in damage suits. This is very false economy and certainly works to the discouragement of the traveling public.

The Interstate Commerce Commission wishes the adoption of the block system to be made compulsory like the safety appliance system, and there is fair prospect that legislation of this sort may be enacted at the next session of Congress. But meantime there is another and even greater safeguard that the commission wants to test. It is the automatic signal and stop device of which there are a number on the market and which has never been adopted by any interstate road. There is a bill pending in Congress to give the commission money to make experiments in this line, and there are a score of worthy devices, and many others would soon be forthcoming, that would make railroad travel almost as safe as street car travel if the system could ever get a fair and official test. The railroads will not do this experimenting, and they will not adopt any such device if they can help it, owing to the attendant expense. But Congress in a position to force them to do so, and it certainly is to be hoped that this compulsory legislation will be adopted. It will mean a a fortune for the man who has the best system ready and other fortunes for the men who can contribute toward perfecting it.

PLANT CAMPHOR TREES.

The camphor trees of Florida are going to become a commercial commodity instead of a foliage plant. During the last year a number of trees in different parts of the State were placed at the disposal of the department of agriculture experts. From these thirty pounds of camphor gum were produced. This, upon refining, proved to be in every way a perfectly satisfactory substitute for the oriental article. It is declared by experts that the camphor tree can be grown to advantage in many parts of Florida which have been abandoned for orange culture, owing to the danger incident to occasional visitations of frost.—Florida Agriculturalist.

WHO IS THE OPPOSITION?

The Lakeland Sun of March 1st contains the following timely editorial on the uniformity of school books and the opposition thereto:

"Did you ever see such opposition manifested against a measure so long before the convening of the session of the Legislature? For weeks there has been some busybodies in our State trying to create a sentiment against the uniform school book system, and already a number of the county school boards have passed resolutions appealing to the Legislature to not pass a law inaugurating this system. We know the school boards are honest and sincere, but, if you please, who is it that is waging this campaign against the uniform system? Who is it that indirectly has brought about action of many school boards on this proposition? Is it the people? Is it public sentiment? We think—we honestly believe—that the campaign is being shrewdly manipulated by the book companies, and that by indirect methods they are bringing about a considerable part of the opposition, and the honest member of the school board does not realize that he is being used for the purpose of fostering the interest of the book combines. While we have great respect for the opinion of the school boards, it is our opinion that the people want a uniform text book law, and we believe the Legislature will give it to them."

Phoebe A. Sparkman, 110 years old, of Fairfield, Fla., has just been granted an increase of pension by special act of Congress. She is by far the oldest pensioner on the rolls of the bureau. She previously received $8 per month, and the special act increases her allowance to $12. Mrs. Sparkman is the widow of Henry Sparkman, of the First Regiment, Florida Mounted Militia, 1839 to 1840, during the Florida Indian war. Mrs. Sparkman married him in 1846, and when he died in 1884 she received the $8 pension allowed to widows. In a sworn petition accompanying the documents in the case Mrs. Sparkman showed that her age is 110 years, and indicated the records which prove it.—Leesburg Commercial.

McCANT CAPTURED AT LAST.

Man Indicted for Shooting His Brother, in Jail at Tifton.

Tifton, Ga., March 4.—Bailiff Jacob Watson, has returned from near Chester, Pulaski county, having in custody Sidney W. McCant.

McCant was indicted by the grand jury at the November adjourned term of the Tift superior court, held in January, for the murder of his brother, S. R. McCant, on the night of December 11, 1906.

The killing occurred at the home of Sidney McCant, a few miles east of Tifton, and it was claimed at the time that it was accidental. Bob McCant had knocked on his brother's door and Sidney, he claimed, merely to frighten him, snapped his pistol at his breast, when it fired, killing him instantly.

Evidence before the grand jury caused that body to think that the killing might not have been accidental, and the indictment and arrest of McCant followed.

He has very little to say about the case, except to plead his innocence. His people are moderately wealthy and the case will doubtless be fought to a finish through the courts.

The Crevasse Has Widened.

New Orleans, March 2.—With the caving in of nearly one hundred feet of levee Thursday, the crevasse near Jesuits Bend, below New Orleans, has widened to about two hundred and fifty feet. The cave-in occurred at the lower end of the break where for a week a large gang has been attempted to "tie-in" the broken end of the bank. Although a great quantity of water is now escaping through the crevasse there is no danger to life. The over-flow appeared Thursday in Gretna, a village opposite New Orleans. Gretna is protected by levees and will not be seriously flooded.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

AN EARLY CALL.

Mark Twain's Story About His Absentminded Brother.

One bitter December night Orion (Mark Twain's brother) sat up reading until 3 o'clock in the morning and then, without looking at a clock, sallied forth to call on a young lady. He hammered and hammered at the door; couldn't get any response; didn't understand it. Anybody else would have regarded that as an indication of some kind or other and would have drawn inferences and gone home, but Orion didn't draw inferences. He merely hammered and hammered, and finally the father of the girl appeared at the door in a dressing gown. He had a candle in his hand, and the dressing gown was all the clothing he had on, except an expression of welcome, which was so thick and so large that it extended all down his front to his instep and nearly obliterated the dressing gown. But Orion didn't notice that this was an unpleasant expression. He merely walked in. The old gentleman took him into the parlor, set the candle on a table and stood. Orion made the usual remarks about the weather and sat down—sat down and talked and talked and went on talking, that old man looking at him vindictively and waiting for his chance, waiting treacherously and malignantly for his chance. Orion had not asked for the young lady. It was not customary. It was understood that a young fellow came to see the girl of the house, not the founder of it. At last Orion got up and made some remark to the effect that probably the young lady was busy and he would go now and call again. That was the old man's chance, and he said with fervency, "Why, good land, aren't you going to stop to breakfast?"—Mark Twain's Autobiography in North American Review.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

ORDINANCE NO. 127.

An Ordinance to Provide for the Paving of East Main Street from Liberty Street, thence North to Boundary Street, and for the Cost of Such Work, and Issuance of Special Assessment City Certificates to enable said City to pay the Cost of Such Work Pending the Collection of Special Assessments and Taxes.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the Board of Public Works be, and the said Board is hereby authorized and directed to pave, or to contract for the paving of East Main street, from a point where Liberty street crosses said East Main street, thence North to Boundary street, the same to be properly graded and paved with crushed flint rock; such paving shall include curb and gutter, which curb and gutter shall be constructed of granolithic or vitrified brick.

Section 2—That the cost of the paving of said East Main street, as provided in Section 1 of this ordinance, shall be paid as follows, viz: One-third of the entire cost of such paving shall be paid by the City of Gainesville, and two-thirds of the entire cost of such paving shall be paid by the special assessment of same against the property fronting or abutting upon said street in proportion to the frontage of the property fronting thereon. The estimated total cost of the paving of said street is Fourteen Thousand Four Hundred Sixty-three and Twelve One-hundredths ($14,463.12) Dollars; the estimated amount per front foot of the special assessment to be levied upon the abutting property, fronting on said street where the same shall be paved, is Three and Ten One-hundredths ($3.10) Dollars.

Section 3—The special assessment for the paving of said street, as provided in Section 2 of this ordinance, shall become due and payable as fast as the said street is paved, to be paid in the proportion as named in said Section 2, by the owner or owners of each and every lot, piece or parcel of land, fronting or abutting upon said street, where the same is paved.

Section 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable, for the paving of said street, as fast as the same is paved, according to the special assessment against said property, as provided by Section 2 of this ordinance, to be paid, in order to enable said city to pay the cost of the paving of said street, pending the collection of said special assessments and taxes, said certificates to draw interest at the rate of Six (6%) per cent per annum. The amounts to be paid for the paving of said street shall be a lien on the lots, pieces or parcels of land fronting or abutting upon the same, and said lien shall be enforced by suit in equity, as provided by the charter of said city.

Section 5—The City Council shall, as soon as practicable after the completion of the paving of said street, meet, and by resolution fix the special assessment per front foot for the paving of said street, upon the abutting property, in the proportion of two-thirds, as named in Section 2 of this ordinance, said special assessment not to exceed two-thirds of the actual cost of the paving of said street, as provided by this ordinance, or, two-thirds of the estimated special assessment per front foot for such work, as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time, in a newspaper in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest, and any special assessment not so paid within said time shall bear interest from the date of the publication of such resolution at the rate of one (1%) per cent per month.

Section 6—The City Council shall meet on Tuesday, the 19th day of March, A. D. 1907, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied, to present their objections to the enforcement of the requirements of this ordinance.

Section 7—All ordinances or parts of ordinances, in conflict with the provisions of this ordinance, be, and the same are hereby repealed; and this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council this 15th day of February, A. D. 1907. G. K. BROOME,
President of the City Council.
Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 16th day of February, A. D. 1907. W. R. THOMAS,
Mayor of the City of Gainesville.
Attest: J. M. DELL, City Clerk.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

COMING MINSTREL ATTRACTION

The Gorton Minstrels Will Appear in Gainesville Saturday.

Gorton's minstrels with a brand new show will be the attraction at the opera house Saturday night.

The management promises some innovation in the staging of the production and the entire company is said to be one of exceptional ability. The minstrels will offer a program containing all the test and most essential features of modern, up-to-date minstrelsy, and which are guaranteed to be a sure cure for the "blues." The company is composed of 30 clever artists, among whom are a half score of popular comedians, headed by the jolly fun-makers, Jake Welby, Ralph Kintner and Charles Jacobs.

Cameron and Toledo present an operatic, equilibristic, pantomimic extravaganza entitled, "The Enchanted Grotto," which introduces an act combining choice operatic and musical selections with wonderful tricks of contortion and balancing.

Elegant special scenery is carried for this production, which is assuredly one of the most astonishing offerings before the public.

JERRY AND HIS AUTO.

Ran Over Dog and Was Turned Turtle, But Occupant Unhurt.

Jerry Runkle and his automobile were mixed up in a rather peculiar accident Monday morning, the machine having run over a dog which was running in front. The machine was overturned, spilling the occupant, but causing no damage either to the canine or to the occupant of the machine.

This was one of those peculiar cases which might never happen again in a life-time, when no one was injured.

Mr. Runkle, who was driving the machine, was clipping along at an ordinary gait, when the dog ran out with that determination to "eat up" everything belonging to it, including the owner. Mr. Runkle got the joke on the dog, however, with the result that the canine will remember that particular automobile in future.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

Will Have Stock Farm.

Wm. Smith, for several years located at Kanapaha, has moved to Archer, where it is understood he will engage in stock raising with Monroe Venable.

The firm has secured several hundred acres of land on Blue Pete pond, which is said to be particularly adapted to stock raising, having a fine range.

It is the purpose of the firm to raise a fine grade of stock.

SHOULD LIVE 100 YEARS

Sir James Crichton Brown's Opinion.

Sir James Crichton Brown, of England, at the Congress of the Royal Institute of Public Health in London, gave a lecture on old age. He states that if every person should live right and take the proper care, to live one hundred years would be a matter of course.

There is no excuse for feebleness at the age of fifty, sixty, or even seventy. In every person there is a constant change taking place in the system, and just so long as the supply equals or exceeds the waste, just so long will old age be warded off.

When one finds their energies flagging, the organs acting slowly and less effectually, the blood sluggish, and in fact "feel old," then there is nothing known to medicine that will restore elasticity to the step, brightness to the eyes, vigor to brain and muscle, and strength to every organ in the body so surely as our real cod liver preparation, Vinol.

Vinol contains in a concentrated form all of the medicinal body-building elements of cod liver oil actually taken from fresh cods' livers, the useless oil eliminated and tonic iron added.

We ask every old person in Gainesville to try Vinol on our offer to return money if not satisfied.—W. M. Johnson, Druggist.

Note.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Town Destroyed by Tornado.

Little Rock, Ark., March 2.—A special to the Arkansas Democrat from Hope, Ark., says that a destructive tornado struck the town of Washington late last night and almost literally wiped it out of existence. Among the buildings destroyed were the Presbyterian church, Episcopal church, Judge W. Y. Etter's residence, T. H. William's store, the residence of Sheriff Wilson and other structures. All wires are down and no further details can be learned.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

Will Support the Bill.

London, March 4.—Premier Campbell-Bannerman, who up to the present time has refused to receive a deputation of the women suffragist, has written a letter in which he promises to support "with much pleasure" the bill presented by W. H. Dickinson, M. P., to give the suffrage to women.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c

Comedian Dies of Cancer.

New York, March 4.—Samuel Devore, comedian, who has been on the vaudeville stage for about 40 years, died at his home in Brooklyn of cancer of the stomach. He was 65 years old.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Marchioness of Richef Dead.

London, March 4.—The marchioness of Richef is dead here. She was married to the marquis, who is her first cousin and who survives her, in 1851.

Found at Last.

J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say, take Dr. King's New Life Pills." Guaranteed satisfactory. 25c at all druggists'.

JUDGE KILLED WHILE HUNTING

Falling Limb Comes Through Hole in Tent Killing Him.

McRae, Ga., March 4.—A very sad accident came to one of a party of hunters from here at Lanphin lake, on the Ocmulgee river, Judge L. F. Jones, very prominent citizen and confederate veteran, was struck by a falling limb, from the effect of which he died very soon afterwards.

The party was composed of Judge Jones, C. A. Talmadge, his son-in-law; E. H. Cotter and F. R. Mann.

Two striking incidents are noted by others of the party. After several selections for a spot on which to pitch the tent, Judge Jones insisted on the location taken, and the fact that the limb fell through a small rent in the tent roof. The noise was not loud enough to arouse all the party. Judge Jones was a very popular citizen, and has held positions of trust and honor for many years. He leaves a wife and several children. The interment will take place at the cmetery of this place.

Gilpin Pleaded Unwritten Law.

Lyons, Ga., March 4.—The jury in the case of William T. Gilpin, charged with the murder of W. W. McDonald, a prominent attorney of Douglas, Ga., brought in a verdict of not guilty, after having been out several hours. Gilpin shot McDonald in his wife's room at the Rimes House at Vidalia, one night last October. He had concealed himself in the closet of the room. After McDonald had entered, Gilpin sprang from his place of confinement and emptied two revolvers at McDonald. McDonald, wounded, ran from the room and secured a physician. The following day, however, he died. Gilpin pleaded the "unwritted law" in his defense. The state alleged that Gilpin had conspired to take the life of McDonald. Mrs. Gilpin was also under indictment, but the case against her was nol prossed.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

SHORT TALKS BY L. T. COOPER.

INTERNAL PARASITES.

Cooper's New Discovery has taught me many things. Not least of which is that parasites or tape worms as they are called are responsible for an immense amount of suffering. Thousands of these creatures have been brought to me by people who have taken the New Discovery and I now know that an immense amount of supposed stomach trouble is caused in reality by one of these parasites. A man or woman may be afflicted in this manner for years and not realize the true cause of their suffering. When I first sold Cooper's New Discovery I did not know that the medicine would remove this trouble. I have since found that it invariably does so. The following letter is a fair sample of the symptoms as experienced by an individual thus affected:

NICK EMMERICK.

"I was always tired. My stomach bloated and the slightest exertion made me sick, weak and dizzy. My appetite was variable and a good nights sleep was unknown to me. When I awoke in the mornings I had a bad taste in my mouth and a coated tongue. I heard of the wonderful benefits that were being derived from Cooper's New Discovery, and decided to try it."

"The horrible tape worm, sixty feet long that had been sapping my life away, passed from my system alive and squirming after I had taken three doses. Now I have a splendid appetite, every trace of stomach trouble has disappeared and my digestion is good. I sleep well and am gaining in strength every day." Nick Emmerick, 1344 Louis Ave., Milwaukee, Wis.

We are authorized agents for the Cooper medicines. Call and let us tell you more about them.
